

New construction villas for sale in sustainable residential LLibèr
LLÍBER - REF. 15320_LG117

MORAGUESPONS
MEDITERRANEAN HOUSES

EcoResidences, a residential reference of sustainability in the Costa Blanca North, located in the municipality of Llíber, based on respect for the environment, transmitting the values of local culture, the welfare of its residents by promoting community life and a healthy lifestyle in contact with nature. The architecture of Airen Collection is based on the colors of the earth, in the dry stone walls, in the native vegetation of the area, getting the houses are integrated into the landscape of the Vall del Pop.

Its design and equipment favor low energy consumption. The homes have an athermal system for heating and domestic hot water production, underfloor heating, installation of photovoltaic panels, motorized ventilation system, electric car charging point, home automation, terraced gardens with traditional stone walls and native plants, among other elements. In addition, in order to ensure that mobility through the residential complex is respectful, a car or two electric bicycles are included with each home. The Airen Collection villas are built on plots of between 400 and 700 square meters, distributed over two floors. They are 3-bedroom single-family homes, with two interior layout concepts to choose from. The surface areas of the houses are about 315 square meters, and each house has its own private pool, parking, storage room and stunning open views of the vineyards and the beautiful natural environment of the Vall del Pop.
